This is the answer to all those people who are asking - which is best, lightning or cold? It's simple as that - use both in one skill, as you need cold damage only for freezing, its nice to use light dmg as it will outdamage pure cold damage even without those shock stacks.. Quick Killer also grants a dependable method to generate Power and Craze charges while getting the best out of both.. Jan 05, 2013 I have 44% crit rate atm and 530% crit multiplier, which is awesome.. gl/nVfqzgThe concept:Since POE 3 1, I altered the Tree quite a bit HP was the main reason that I forced the Flicker Strike right into a 4 Link and employ Blade Flurry (hopefully there will be an alternative method in the future) within the 6 Link for Single Target.

the Arcane and Walk the Aether grant bursts of mana and speed You will be able to learn a lot more about POE 3.. The concept: Everything has been busy and I am still trying my best to get around to updating this build fully for POE 3.. It's well-suited to Shadows that deal damage with time, as Quick Killer and Patient Reaper both grant significant enhancements to break with time effects.. 1 Shadow Builds:Directory[Path Of Exile 3 1] CI, 8k+ ES/49%Evade Hybrid FS/ BF TricksterClick on the Trickster Shadow Builds Passive Skill Tree image above to open a high-resolution version in a new tab! or Check this skill tree: <https://goo..> 1, Zerphi's flask is nigh unattainable in this league, and also the tree needs updating so please keep this in mind when viewing this build. e828bfe731 [Fluid App Keygen](#)
